IN NEIGHBORING COUNTIES.

Barbourville needs more dwellings. There is not a vacant small house in the town.

The Controller of the Currency has approved the conversion of the Citizens' Bank, of London, Ky., into the Second National Bank, of London, with \$25,000 capital.

G. T. Gooch and Fred Hunt have purchased the machine shop of L. E. Hunt and the business will hereafter be conducted under the firm name of G. T. Gooch & Co.—Mountaineer.

Golden has surrendered to the authorities.

O. H. Waddle, owner of the street railway franchise at Somerset, has been granted by the City Council an extension of 60 days, from July 17, in which to begin work. Cholera Infantum.

Child not expected to live from one hour to another, but cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of B. N. Dewey, Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Lyne Bros., Crab Orchard, Ky.

Recipe For A Happy Day.

Take a little dash of cold water,
A little leaven of prayer,
A little bit of sunshine gold,
Dissolved in morning air.

Add to your meal some merriment,
Add thought for kith and kin,
And then as a prime ingredient
A plenty of work thrown in.

Flavor it all with essence of love,
And a little dash of play,
Let a nice old book and a glance above,
Complete the well-spent day.

At the preliminary trial of John Miller, James Cundiff and John Dunsell, of Lee county, charged with the killing of John Creech and James Thomas, evidence was introduced to show that Miller and Cundiff attended church for no other purpose than to renew a quarrel they had with John and James Creech. Dunsell was discharged by the court, while Miller and Cundiff were allowed bail in the sums of \$3,000 and \$1,500, respectively.

The editor and his wife disagree very materially with each other. She sets things to write and he writes things to set. She reads what others write and he writes what others read. She keeps the devil out of the house as much as possible and he retains him and could not go to press without him. She knows more things than she writes and he writes more things than he knows. —Elizabethtown News.

Chamberlain's Colic, Cholera and Diarrhoea Remedy—The Best in Existence.

T. M. Wood, manager of the White County News, Beebe, Ark., is a representative southern business man, who does not hesitate in expressing his good opinion of a well known remedy. He says, "It gives me pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it myself and in my family, with the best results. In fact I believe it to be the best remedy of the kind in existence." Said by Lyne Bros., Crab Orchard, Ky.

He had been calling at intervals for five years, and one night when he and the young lady were seated in a secluded corner of the drawing-room the front door bell rang.

"Oh, bother!" cried the young man; "better tell the servant you are out."
"Shall I not tell her to say I'm engaged?" asked the girl, shyly; and before another quarter of an hour had passed she was.

The vitality of the snail is remarkable. One that was glued to a card in a museum for four years came to life on being immersed in warm water. Some specimens in the collection of a naturalist revived after they apparently had been dead for 15 years.

The evidence introduced at the preliminary trial of Scott McQuinn and John Lane, charged with the killing of Frank Smith and his two sons on July 15, tends to show the crime to have been one of the most cold-blooded in the criminal annals of Wolfe county. Concealing themselves in a barn, they awaited the coming of the Smiths, firing and killing them instantly. The father of the murdered men hearing the shots ran to the scene from his home, 300 yards away, and was in turn shot down. The accused men were held without bail.

A freight boiler explosion occurred on the United States gunboat Bennington, in the bay at San Diego, California. As a result 75 of the crew are known to be dead, and 16 others, reported missing, have almost certainly perished. In addition scores of men were injured, more or less severely. The explosion came without warning, and a terrible scene was presented by the decks of the vessel and the surrounding water after the occurrence. The cause of the explosion is unknown, though the boiler is said to have been thought unsafe for some time. Commander Lucien Young, a Kentuckian, was on shore at the time of the explosion. The Bennington was launched in 1890. While the vessel did not sink, it is believed it will have to be dismantled before repairs can be made.

Sousa, the great musical composer and band leader, was the first to introduce soprano solos in connection with his band renditions in this country. The feature was an immense hit from the first. Now Weber, the great Cincinnati leader, and Stornis, the leader of the Kentucky Military Band, who plays for our fair this week, are making special features of soprano solos in connection with their daily concerts at 2:30 P. M. Don't miss it.

P. W. Green, of Lexington, who has been recuperating for a week at Olympian Springs, returned home Saturday much improved. Born to the wife of Y. W. Burton, a housing nine-pound girl. C. L. Holmes and wife left Monday for a four weeks' outing on the lakes of Michigan. Miss Lula Edington, our exchange operator, is at her post again after a few days of much needed rest. Mrs. C. H. Covey, of Knob Noster, Mo., is visiting his old acquaintances in our midst. He left this locality 34 years ago and consequently recognized very few of his friends. James Conner and wife and J. Weizer, of Louisville, are with W. S. VanArsdale and wife. Dr. and Mrs. Carl Wheeler, of Lexington, Miss Lelia Wheeler, of Alabama, and Miss Anna Bell Wheeler, of Maysville, form a happy house party at the Emporium this month. W. B. Wright and family have arrived at Deming, N. M., and report that living there is as high as a cat's back. He thinks, however, the climate will be of great benefit to his wife. Mr. and Mrs. Granville Penticuff, of Knob Noster, Mo., are guests of Mr. and Mrs. E. P. Carpenter in the Mercantile section.

A frightful boiler explosion occurred on the United States gunboat Bennington, in the bay at San Diego, California. As a result 76 of the crew are known to be dead, and 16 others, reported missing, have almost certainly perished. In addition scores of men were injured more or less severely. The explosion came without warning, and a terrible scene was presented by the decks of the vessel and the surrounding water after the occurrence. The cause of the explosion is unknown, though the boiler is said to have been thought unsafe for some time. Commander Lucien Young, a Kentuckian, was on shore at the time of the explosion. The Bennington was launched in 1890. While the vessel did not sink, it is believed it will have to be dismantled before repairs can be made.

Splitting Headache.

Can be often relieved by a nerve sedative, but the scientific way of treating a headache is to go right down to the real cause, or root of the trouble, and cure it with Dr. Caldwell's Syrup Pepsin. It is the only perfect cure for headache, dizziness, constipation, and is free from the dangerous after-effects, which so frequently follow the use of headache powders. Try it. Sold by G. L. Penny, Stanford, C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

We have some good things left from our Sale; things we overlooked in the rush. If you did not get to the sale you will find many Remnants of Wash and Woolen Goods, Odd Lots of Lawns, Suitings, Hose, Slippers, Shoes, Skirts, Waists, &c. Goods that we must sell before we begin to receive our Fall goods. Remember there will be plenty of hot weather yet and this is an opportunity you should not let slip. Those who attended our Sale say it was a success to them from a money-saving standpoint.

High Cotton.

All indications point to the highest prices for cotton goods reached in years. The crop is 3,000,000 bales less than thought, and the manufacturers and wholesalers have very little stock on hand. We have a good supply of Bleach and Brown Cottons, Sheetings, Shirtings, &c., and we are selling them at less prices than the wholesalers will be asking in a month. We bought some months ago a large part of our Fall stock, in which cotton is used in the manufacture and we are on the ground floor and will give you as good values as you ever bought.

THE Central Kentucky Medical Society met in Danville at the Gilcher Hotel with the following physicians present: Drs. Joshua Wesley and Stuben Godby, Middleburg; J. B. Kinnaird, Lancaster; Steele Bailey, Jr., and J. G. Carpenter, Stanford; Thomas Price, Harrodsburg; W. F. Hinkle, Hubble; J. C. Bogle, S. Cheek, Gose, Montgomery, Jackson, George and Rice Cowan, Danville. In the absence of the feminine president, Dr. Kinnaird was elected chairman unanimously. Dr. Wesley read a highly instructive paper on Scarlatina, giving numerous erythematous aphorisms. Discussed by Drs. Montgomery, Price, Tucker and Carpenter, each highly endorsing the paper and stating his special experience; Negroes, cuts and dogs being special factors in the transmission of scarlet fever and other contagious diseases. Dr. Price read a paper on Fractures of the Knee Cap, replete in surgical truths, pathology and treatment. Dr. Chantelion promised to be present at the next meeting with a paper. Dr. Carpenter spoke on the Early Diagnosis of Appendicitis; First Hour Surgery Saves all Cases; delay, ignorance and complications kill and make a high death rate. These views were endorsed by the members. Dr. George Cowan read a most valuable paper on the "Code of Ethics of the American Medical Association" and showed the regular profession had in it charlatans and "snogasters" who resorted to politics, merchandise of religion, secret orders, cut rate fees and other such diabolical plans to get practice. Instead of resorting to merit, skill, erudition, wisdom and honorable, upright, professional conduct to get business. It was unanimously resolved that Dr. Cowan give this most excellent paper a wide circulation by publishing it in the Kentucky Medical Journal and Journal of the American Medical Association so it could be read by every physician in the United States. Dr. Carpenter presented drawings of ox bone grafting for disease of the bone, reported a most interesting and successful case of surgery and exhibiting a specimen of ox bone graft of nine years' duration. Dr. W. F. Hinkle, of Hubble, was appointed essayist for the next meeting. Subject: Dysentery, and he is expected to give it professionally and treat the case thoroughly on this august occasion. Dr. Kinnaird, of Lancaster, was made essayist in surgery. Subject: Osteomyelitis, and he will give a full symposium. Danville is the next place of meeting, the third Thursday, 19th of October. Voluntary papers are especially solicited. C.

IN describing the effect that cocaine has on her, a Harrodsburg Negro woman prisoner said: "It makes me feel like I am rich, then I feel like I am lousy, and then I feel like raising h—l." Judging from the actions of those who use the fearful drug, the Harrodsburg Negress knows whereof she affirms.

LACKEY.—Mr. Malcolm Lackey, aged 71, died at his home near Parkersville Saturday afternoon and was buried Sunday. He is survived by four children, ten, all grown. His wife died some three months ago. Mr. Lackey was a splendid citizen and a devout member of the Christian church. Mr. John W. Rout and wife, of this place, and Mr. Delaney Lackey and Mrs. Jane Ballew, of Garrard, attended the burial.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted 12 years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50-cent bottle entirely cured me of asthma which had been growing on me for 12 years. If I had taken it at the start I would have been saved years of suffering."

Try it once. Sold by G. L. Penny, Stanford, C. W. Adams, Hustonsville, at 50c and \$1. Money back if it fails.
